Märklin fulfills the requirements for a quality management system according to the ISO 9001 Standard. This is regularly checked and certified by the TÜV Süd testing organization. You thereby have the assurance of buying a quality product of a certified firm.

Light Function

All of the trains are equipped with controllable lights on the front.

Sound Function

All of the trains are equipped with sound functions!

Removable Roof

The roof can be removed on these cars.

H0 Scale /1:87

All of the trains are H0 Gauge (16 mm / 5/8") / 1:87 and therefore also usable on all H0 layouts!

Water spray function

Manually operated water spray.

Rechargeable Battery

Operation: These trains are equipped with a rechargeable battery and a USB charging cable.

Battery Operation

These trains are battery operated.

Magnet Couplers

Magnet couplers designed for children on all of the locomotives and cars.

Steaming Smokestack

Steam generator based on water.

The Powerful Logistics Pro!

The ship is at anchor in the harbor and is waiting for your load. Whether it is autos or containers: Thanks to the powerful „Vectron“ electric locomotive, you transport your freight with the freight train fast punctually to the loading station. The ocean giant has hardly reached its destination, and your freight train is bringing all of the goods for the final destination.

29342 „Harbor Logistics“ Starter Set

- Operation easy as child's play thanks to the Märklin Power Control Stick
- Fast recharging with the rechargeable battery and the USB charging cable
- 3-part train with a length approximately 55 cm / 21-5/8"
- Modern electric locomotive with different sounds and lights
- Sheet of stickers with different labels for the locomotive
- Containers for loading
- Auto transport car with a hinged loading ramp
- Autos for additional play options

190 x 85 cm / 75" x 33"

12x 5x 1x 1x 2x

The set includes plastic track for a large oval of track with turnouts and a siding for play fun right from the start.

Märklin Power Control Stick – ideal for a child's hands

More Track, More Fun!

If you would like to run on more and different routes, you can expand this starter set right away with the 23300 track extension set.

72223 Freight Ship and Harbor Crane

- Freight ship includes many loading options.
- Freight ship will float, such as for playing in the bathtub, plus two small rescue boats for spraying water.
- Harbor station includes a crane as a central play element.
- Truck with a container trailer included.
- Maximum play fun from a plug-together kit made for children and including a variety of play options.
- Harbor station is compatible with the Majorette Creatix road system – providing many additional play options.

Out into the Wide World

Quite a bit going on in the harbor. New freight reaches your loading station by the minute. Trucks drive directly into the hold of the freight ship using a ramp. The freight trains are unloaded using the massive crane. It lifts even the heaviest containers from a car and stows them precisely in the ship's hold. Everything on board? Well, cast off the lines!

The freight ship and harbor station with a crane are the ideal add-on for the 29342 „Harbor Logistics“ starter set.

There's a Lot to Do in the Freight Loading Station!

Put on your work helmet and warning vest because today you are the load foreman in your child's room! Everything goes smoothly with your loading terminal. Whether it's automobiles or overseas containers, everything is quickly loaded and unloaded. The freight train can then leave soon because the ship in the harbor cannot wait!

72211 Freight Loading Station

- Playing on two levels.
- Rotating crane with a hoist and magnet for loading containers.
- Loading ramp with a gate for autos.
- Silo for loading freight.
- Model automobile included.

44110 Auto Transport Car

- Two model automobiles included.
- Ramp can be folded.
- 3-part set approximately 19 cm / 7-1/2" long.

44109 Container Car Set

- Two freight cars.
- 3 removable containers.
- Containers can be opened and loaded.
- Container can be loaded magnetically with the loading station (72211).
- 5-part set approximately 34 cm / 13" long.

Big Construction Site

There's shoveling, sawing, hammering, and something being loaded or loaded everywhere here. Your power shovel runs into position and the construction site train is already pushing around the curve with new cement and sand. The horn on your locomotive sounds and all of the construction workers know what needs to be done.

More Track, More Fun!

You can expand this starter set right away with the 23300 track extension set if you want to run your construction site train on more and different routes.

29341 „Construction Site Train“ Starter Set

- Construction site train with construction site sounds and a horn.
- Fast charging with a rechargeable battery and a USB charging cable.
- Easy to use operation for children thanks to the Märklin Power Control Stick.
- A cement mixer with a rotating mixer and colorful balls as content for it.
- A dump shovel with a dumping tub that can be tipped for loading and unloading.
- Power shovel as an accessory.
- The entire set in a cool construction site look.
- Different sounds and lights included.
- Rugged and battery-operated.

For play fun right from the start, this set has 20 sections of plastic track and a track bumper, a powerful construction site locomotive, a cement mixer, two loadable freight cars, and a power shovel. The set also has a USB charging cable and the necessary batteries in addition to the Märklin Power Control Stick.

7222 Construction Site Station

- Complete construction site station as a kit.
- Different options for setup.
- Big construction site crane that can be rotated.
- Construction site walls with windows to be moved.
- Construction site tunnel.
- The construction site train can come in on two levels.
- Entire set in a cool construction site look.
- Many other play functions.
- Construction site vehicle also included.

Big Construction Site

As a crane operator, you have a view of everything and see how you must place everything exactly. With the long crane boom and the strong gripping clamps, you can grab everything. There are still heavy wall elements, when it is announced that the construction site train is arriving with new cement and sand to be unloaded.

For the
mega adventure
- a construction
site

The big crane has to be here!
Together with the „Construction Site Train“ starter set (29341) and the construction site crane car that can be rotated (44118), the result is an impressive play world that will thrill children.

1x

There is a lot to do at the construction site

Put on your safety hat and become familiar with the crane car. Today a lot of rock is needed in a new building section of the big construction site. Extend the load supports, because now you are the boss at the loading station. Using the crane, the empty load box is swung over to be filled.

For the
mega adventure
- a construction
site

44118 Crane Car

- Crane can be turned and includes hand cranks and a magnet.
- Magnetic load box included for setting down and raising again.
- 4 sturdy load supports for stabilizing operations.
- Crane boom and load supports can be folded in for transport of the crane.

For extra
play fun when
loading and
unloading

In addition to the load box, the magnetic containers from the entire my world assortment can also be loaded and unloaded.

Together with the construction site train (29341), you can load and transport everything possible. Load your construction site cars and then off you go to the other side of your construction site.

Important! Here comes the fire station and the water being sprayed.

The fire department train comes hurtling around the curve with a loud „tattoo taaa“ and you start putting out the fire with the water spray. It's a good thing that your fire station train has the water tank right on board. Now, it's all about spraying water. The helicopter is already for use at the end of the train – it can start immediately and lift off for a rescue.

For a mega adventure – a fire station

29340 „Fire Department“ Starter Set

- Fire station train with fire station alarm and fire station siren.
- Fast charging with rechargeable battery and USB charging cable.
- Operation as easy as child's play thanks to the Märklin Power Control Stick.
- One car with a tank and water spray.
- Container for loading and unloading.
- Additional helicopter as a load.
- Complete set in a fire department look.
- Sturdy and operated with rechargeable battery.

Sound functions:
Fire station alarm
Fire station siren
Horn

More Track, More Fun!

If you would like to run on still more different routes with your fire station train, you can expand this starter set immediately with the 23300 track extension set.

This set has 28 plastic pieces of track, a car with a water spray, a loadable container, and a helicopter for play fun right from the start. The set also includes a hand controller with three speed levels for forward and reverse.

72219 Fire Station

- Complete fire station as a kit.
- Different options for building the kit.
- Fire station tower with light and sound.
- Helicopter landing pad.
- Elevator in the fire station tower.
- Vehicle garage for releasing the fire station vehicles.
- Many additional play functions.
- Fire station vehicle also included.

Welcome to the Fire Station.

Playing will keep on going with this two-story fire station. The fire department train has just rolled in and has to be refilled with water, since the alarm siren is already sounding on the fire station tower. Your fire trucks are racing out of the garage right now. Press the „release button“ and it happens so quickly you can go to the next fire.

A big play set including a fire station vehicle

For a mega adventure – a fire station

My Fire Station!

An impressive theme play world that will thrill children results from combining this with the „Fire Department“ starter set (item no. 29340).

It's Time Now for a Vacation

Pack up your suitcase and don't forget your stuffed animal, because today it's time for a vacation. The Airport Express is already waiting and is just now closing its doors. It rapidly goes uphill in the direction of the airport and you cross over your entire room as an elevated railroad on the elevated railroad pillars that have been set up.

29307 „Airport Express - Elevated Railroad“ Starter Set

- Play fun on 2 levels.
- Fast charging with rechargeable batteries and a USB charging cable.
- Operation easy as child's play thanks to the Märklin Power Control Stick.
- Removable roof and interior.
- Different sounds and light included.
- Very realistic Airport Express look.

The set includes 24 sections of plastic track, 14 adapter building blocks, and 72 blocks for play fun right from the start. The set also includes a USB charging cable and the necessary batteries.

For the mega adventure – elevated Railroad

Märklin Power Control Stick – ideal for a child's hands

More Track, More Fun!
The 23302 Elevated Railroad Extension Set is the ideal add-on for to make really large layouts.

For
the mega
adventure
– elevated
Railroad

Next Stop Airport!

There is an awful lot going on at the airport, your Airport Express has just arrived at the airport, and many pets and play figures want to go on vacation. The next announcement can already be heard - ding ding dong! The next flight is leaving in a few minutes.

Large
play set
including an
airplane

72216 Airport with Light and Sound Function
